

Assignment 1

Your task is to create your webpages in HTML.

Requirement: Must have 2 HTML pages (10pt)

- Page1: "index.html" (5pt), this page must include:
 - a short bio about yourself.
 - at least 1 image (your picture, family picture, etc., under the "img" folder)
 - a list (either ordered or unordered) of your courses this semester
 - a link to redirect to another HTML page (introduction.html)
- Page2: "introduction.html" (5pt), this page must include:
 - a table that has an introduction to your skills, abilities, education, and training.
 - at least 2 images under the "img" folder
 - a link to go back to "index.html"

Your directory structure should be as follows:

- dir: "a1",
 - file: index.html
 - file: introduction.html
 - dir: img
 - img1.jpg
 - img2.jpg
 - img3.jpg

Compress your entire "a1" directory (which includes the subdirectory "img" and all files inside) and upload the zip file on the blackboard.

No submission will be accepted by email.
